### Introduction

*"Why, man, he doth bstride the narrow world  
Like a Colussus; and we petty men  
Walk under his huge legs, and peep about  
To find ourselves dishonorable graves.  
Men at some time are masters of their fates:  
The fault, dear Brutus, is not in our stars,  
But in ourselves, that we are underlings."*

Julius Caesar (1599) act 1, scene 2 Shakespeare

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

**Background Planetary Placements**

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

TRANSITING JUPITER IN THE 7TH HOUSE - Jupiter is the planet known for generosity, expansiveness and joie de vivre. TRANSITING SATURN IN THE 7TH HOUSE - "The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When Saturn moves into the 7th House of your Birth Chart your relationship with your partner demands attention. It is possible that your partner's life changes in ways that demand you bear greater responsibilities within the partnership. You may reassess your priorities in both business and personal partnerships. This could result in a greater commitment to your partner, or it could be that you decide to end a serious relationship or close a business contract. Marriages and divorces can both occur during this time. If you are not already in a serious relationship, then you may meet someone who has a significant influence on your life.

TRANSITING CHIRON IN THE 10TH HOUSE - You now have the opportunity to bring a new spiritual dimension into your career. The path to this dimension is not necessarily easy, but it is ultimately rewarding. It may be that you lose a job, which at the time seems very painful. Later you will see that this has actually paved the way for a new healing lifestyle. On the other hand, you may now be presented with opportunities to heal and teach in your present job or offered new studies which will open up new paths for the future. In some cases you may meet a significant person who will help you on your path. Whatever the circumstances you will look back on this time as adding a spiritual dimension to your life path.

**Transiting Events**

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

TRANSITING PLUTO SQUARE RADIX VENUS - Other people are likely to be challenging you to make big changes in your life. Conflict arises because you are not sure of the changes that you want to make. Therefore this is the ideal time to reassess your closest associations and to become clear about your goals. You need to learn when to co-operate and when to stand up for yourself. If you are married, it is possible that your partner is causing eruptions in your relationship at the moment. You may feel that things are out of your control, and they probably are. It may be that your partner is hungering for passion and romance and that you are having difficulty keeping up. It could also be that your partner is demanding that you both look at problems, which have been buried in the past. Now is not the time to try to push relationship problems to one side. It is the right time to face the challenges and move forward with renewed commitment. You may feel rejected. If so face these feelings and promise that you will use this as an opportunity for greater self-acceptance. It is important that your most important relationship bonds are strong. Truth is the aim here. Honest relations with other people will stand the test of time. Dishonest ones need to be discarded. Stand firm on the things that are important, but show a willingness to compromise where possible.

TRANSITING NEPTUNE CONJUNCTION RADIX MERCURY - It's time for a creative pursuit, one that requires your intuition, artistic skills or philanthropic notions. It is definitely not time to make life changing decisions regarding your finances, material goods or business interests, if it can be avoided. Right now you are being asked to utilise the your creative thoughts, rather than your logical ones. If you are a very logical thinker then you could find this phase quite difficult. You need to slow down, take stock of your life and stop worrying. This is not the time for rational thinking. If things aren't quite as they seem and you are confused, then have patience in the knowledge that the truth will emerge, but not yet. If you have been planning a retreat or a vacation then now may be the best time. On the other hand if you are a creative thinker then you may find that an artistic, spiritual or philanthropic project really takes off now. Perhaps you have always wanted to write a romance novel or a film script? Now is the right time. During this transit your intuition is heightened, but your thoughts are confused and irrational. It is more a time of daydreaming than making firm decisions. You are sensitive to innuendoes but not able to pin down the details of what is actually being said. Therefore you are also vulnerable to deceit. Therefore it is better to let important decisions remain in the

background, while you turn your mind to spiritual matters.

TRANSITING SATURN SQUARE RADIX NORTH NODE - The people who enter your life now are likely to play a significant role in shaping your destiny. For instance perhaps you are a youngster and a sibling is born during this period. This sibling is likely to make an important contribution. Alternatively perhaps you meet someone special during this phase. You may marry this person. Decisions that you make during this time are also likely to significantly affect the next phase of your life. You may decide to move neighbourhoods or build a new home in your own neighbourhood. Whoever you meet and whatever you decide is likely to affect you for at least fourteen years. You may also feel compelled to say "goodbye" to friends or leave employment. In other words you are faced with choices about eliminating obstacles on your life's path in order that you may better fulfil your purpose in the future. You may find this frightening, but situations arise now that force you to face your fears. This transit is part of the assimilation and elimination process required to help us further our purpose in this world. You may also be excited by this process. It is similar to the process that migrants experience when they leave one country. There is the sadness of leaving all that is familiar - loved ones, home, security etc. However, there is also the excitement about a future that could hold rich rewards and exciting new experiences. If you believe in the process of reincarnation and karma, then you will know that this is a very karmic period. It offers you the chance to put to right past wrongs and to move forward with your life purpose.

TRANSITING CHIRON SQUARE RADIX NEPTUNE - Your spiritual life is undergoing change and you are likely to feel confused, perhaps even disillusioned. You feel impelled to question your spiritual beliefs and associations which do not seem to be as fulfilling. This can be a painful process of coming to terms with the difference between reality and fantasy. You are particularly sensitive to the problems of the world, feeling an empathy for the suffering of others. As a result you may be drawn to charity work or an altruistic pastime. In some cases circumstances such as illness or grief could force you to slow down and contemplate the meaning of life, or you could feel confused about your direction in life. However, you can discover new meaning in your life if you explore your own inner world and innate talents. Others of your age group are also

experiencing the effects of this transit. Therefore it is also an opportune moment to share your feelings and insights.

TRANSITING JUPITER SQUARE RADIX VENUS - Although this can be a positive time for socialising with loved ones, there is also an element of tension. This could be because you are expecting too much from your nearest and dearest, or it could be that they are asking too much from you. You find it difficult to please yourself and other people. There has to be a balance between the adventures of life and the routine daily demands. Right now one of you is seeking only the adventure and this is causing tension. It is often hurtful when one person in a close relationship upsets the balance, so it is understandable if you are feeling rejected by your loved one. The best approach may be to give the other person a little bit of time to settle down. They may need a little bit of freedom before returning to a more balanced approach to the relationship. On the other hand it could be that the other person's insensitivity to your relationship is the straw that breaks the camel's back, as far as you are concerned. If you are the one who is acting in a rash manner then you would be wise to listen to other's concerns and show a little restraint. In astrology Jupiter is considered to be a positive influence. Therefore it is more likely that things will settle down with positive results from this topsy-turvy time.

TRANSITING URANUS OPPOSITION RADIX MOON - Life takes on an unpredictable quality, brought about either by your own actions or by changes thrust on you. Your home life and relationships with loved ones, particularly women, are subject to the disruptions of this transit. The changes may be emotionally distressing or exciting, depending on your ability to adapt to new circumstances. If you have been feeling unsettled and craving excitement then you are likely to enjoy the changes being suggested by your loved ones. However, if you prefer the comfort of routine then you may feel a little insecure. The trick is to remain as open-minded as possible. The more that you can remain flexible and accepting, the more you will experience a sense of freedom and excitement rather than distress. You are being challenged to leave behind old habits which may be comfortable but which are holding you back from achieving your full potential. The results at the end of this transit are liberating; it is simply the path, which can be a little rocky. Once you are

accustomed to the changes in your lifestyle then you will wonder why you didn't change earlier. You will thank your loved ones and feel younger, freer and a lot happier. This is your opportunity to stretch your wings and reach your full potential, with a little help from your friends.
